PROFESSIONE PASTICCERE
Soft wheat flour type “00” - Biscuits and shortbread

Sebòn flours by Mulino Padano are designed for superior pastry making. Our professionals carefully select only the best wheat and, during grinding, extract and mix only the finest components of the grain. These selected flours are meticulously

analysed in our laboratory in order to meet the need of the most demanding pastry makers. Sebòn line includes: “00” Biscotti & Frolle (biscuits and shortbread), Pan di Spagna (sponge cake), Croissant, Lievitati (leavened products) and Manitoba flours.

PRODUCT USE

Sebòn flour for biscuits and shortbread is obtained by grinding wheat with a low protein content, which reduces the flour’s strength and gives it low absorption. This makes it ideal for baking biscuits of an appropriate size, shape and colour.

INGREDIENTS

Selected soft wheat, free from mycotoxins and other contaminants, subject to strict quality checks upon acceptance. To ensure purity and healthiness, wheat undergoes three cleaning stages and is screened with an advanced optical selector.

GRINDING

Cleaned from all impurities, soft wheat is ground in full respect of its characteristics and left to rest slowly and progressively, in order to obtain flours that are not thermally affected and are able to release all the aromas in the preparation of the finished products.

Shelf life and storage

Shelf life 12 months from production.
Store in a cool, dry, clean and well-ventilated place.
